through our proven secrets of success!**

NORDIC SCHOOL OF FENG SHUI PRESENTS:

'How to get what you want'

Often people have more resources than they realise. They do not lack abilities, skills or resources – they lack the belief in themselves and the way to get in touch with their resources.

You will be shown how in our interactive, fast paced & entertaining workshop 'how to get what you want'. The workshop will enable students to take away real practical skills, rather than just theoretical knowledge.

In this groundbreaking 'How to get what you want' workshop you will be helped to understand that success is not automatic but it can be manifested through the right thinking. It is possible for you to become a great success through understanding who you are, discovering your unlimited potential and overcoming deep-seated barriers within yourself that have held you back for too long. The whole process will work towards transforming your life and future, positively and dramatically.

It is important to challenge the past in your life, your inner software and unlock your potential in order to become a great success in life. The 'How to get what you want' process has been designed to help you become the person you were intended to become. This process is crucial to your emergence

as a great success & to being fulfilled in your life. It is here that your future success or failure in life will be determined.

In addition you will be shown the importance of emotional intelligence as opposed to mental intelligence, how to design your own mental software, how to be courageous in the face of change, how to believe in yourself, how to overcome fear, map your future, overcome deep-seated psychological barriers within yourself, how to attract anything into your life & how to take action and stay motivated.

✓ **Qualified Facilitator:**

John Harry Thomas

A South African who presently lives in Sweden and also works in South Africa & the UK. John is a dynamic speaker and facilitator with a wealth of knowledge both academically and in the work place. He has a background in psychology amongst other disciplines. He is an authority in the fields of management, personal development, sales, diversity, goal setting, the law of attraction & the most importantly he has real life experience.
